Cameron Troscianiec, Eagle Scout, introduced himself and then gave a media presentation on the work done at the Learning Garden.

First all the old compost and materials (boards from previous boxes etc.) was removed. Reconstruction – Materials were obtained from Walmart (cardboard boxes), Bianchi Brickyard (mulch), City of BSL (soil), and Pepperoni Grill (temporary materials for energy needs of workers!).

Obtaining Man Power – Sharpe Plumbing and Heating provided a front loader for spreading mulch and soil, Green Man Lawn Service provided a trailer to haul cardboard, Troop 38 of the Boy Scouts gave workday manpower, BSL Volunteer Fire Dept. provided water to wet the cardboard.

Next Phase – Obtain soil from the City of BSL, relocate planter boxes in garden, fill the planters in with soil

What's left to be done now? Fill the rest of the boxes that weren't completed on workday, build benches and table, create a new sign.
