

Boiling Spring Lakes Dams Construction/Reconstruction Project Request for Qualifications

Final Selection

January 29, 2021 Update

1. On December 18, 2020 the City received ten (10) Applications in response to the **Boiling Spring Lakes Dams Construction/Reconstruction Project Request for Qualifications** (RFQ) publicly advertised on October 14, 2020. All Applications complied with the submittal requirements of the RFQ.
2. The review committee consisted of City officials and consultants under contract to the City for this project.
3. The Committee reviewed and scored all Applications independently. The Committee then met on January 19, 2021 and reached concurrence on qualifying Applications.
4. The qualified Applicants include the following firms in no particular order: **Crowder, Johnson Bros., Kiewit, Morgan Corp., Phillips & Jordan, Sequoia, Thalle Const. Co., Trader**
5. All of the above listed applicants are invited to provide Proposals for construction of this project. They will be notified when the Request for Proposals is issued later this year.
