March 18, 2020

Dear Providers,

Brunswick County Health Services is now administering COVID-19 testing through our pediatric clinic to anyone age 17 and younger. Please instruct people to call ahead, so staff can provide an appointment time and instructions. Our staff has spoken with local medical care providers that have the ability to test, are currently testing, and we are looking for ways to streamline protocols to test even more individuals. We encourage anyone age 18 and older to contact their local medical providers for testing options. If they need additional assistance to locate a provider to test, they can contact us for assistance in finding a test site. This is a rapidly evolving situation, and we will continue to communicate with your offices to ensure the public receives the most accurate information. Thank you for your continued partnership in helping prevent the spread of COVID-19 in Brunswick County.

Residents can receive accurate information a number of ways:

Brunswick County Public Health Call Line and Email Information (Available Monday-Friday, 9 a.m. to 5 p.m.)

- Phone: 1.910.253.2339
- Email: coronavirus@brunswickcountync.gov

NC Public Health Call Line (Open 24/7)

- 1.866.462.3821
