financial plan for  
July 1, 2026 to June  
30, 2027

## ***City of Boiling Spring Lakes***

**Boiling Spring Lakes, NC 28461**

---

Honorable Mayor Winecoff and Board of Commissioners  
City of Boiling Spring Lakes, N.C.

Re: FY 2027 Recommended Budget

Dear Mayor Winecoff and Members of the Board:

In accordance with Section 159-11 of the NC General Statutes, I am pleased to present the FY 2027 Adopted Budget for the City of Boiling Spring Lakes.

### **FY 2027 Budget**

The budget is a sound financial plan and has been prepared with consideration given to the Board's goals and objectives as established at the April 2026 workshop. The three (3) top priorities are:

1. Continuing with Stormwater improvements
2. Fiscally responsible
3. Strategic planning

All sections of the budget are in conformance with the Local Government Budget and Fiscal Control Act as amended. A balanced budget for the next fiscal year, or an interim budget, must be adopted by June 30, 2026.

Pursuant to N.C.G.S. 159-12, a public hearing on the proposed budget will be held on Monday, June 22, 2026 at 6:30 pm in the City Hall Council Chambers. This date will be advertised with a public notice and copies of the budget was made available to local news media, in the lobby of City Hall and on the City's website beginning on Monday, June 8, 2026.

### **BUDGET OVERVIEW**

The FY 2027 City of Boiling Spring Lakes budget is balanced and totals \$7,291,750.00 for the General Fund. Highlights in the proposed budget are:

- 3% Cost of Living Increase
- NO change in tax rate. It will stay at .27 cent per \$100
- Addition of city Planner and Police Officer
- NO appropriation of General Fund to balance the budget.

## REVENUES

*Sales & Use Tax Revenue* - The City's largest single source of revenue continues to be generated from *sales and use taxes* and usually represents approximately 43 - 45% of general fund revenues. The FY 2025 revenues exceeded projected revenue by 4%, current FY 2026 budget show an estimated 4% exceeding projected revenue. The FY 2027 budget anticipates a 4% increase which equals an additional \$125,000 in revenue.

*Property Tax Revenue* - The next highest revenue source is real property taxes and represents approximately 27 - 30% of general fund revenues. Last year's budget increased the tax rate to \$0.27 per \$100 of valuation, continuing with the revenue neutral tax rate. With this budget, the tax rate will stay the same at \$0.27 per \$100 valuation.

## EXPENDITURES

Expenditure estimates were compiled and formulated by the Budget Officer (City Manager) based upon written requests and justification submitted by the various department heads. Each department's

	FY 2027 Expenditures		
Governing Body			198,250
Administration			1,130,300
Building & Grounds			346,000
Public Safety			2,404,900
Code Enforcement			124,600
Building Inspections			359,150

Library Committee			4,350
Contingency Fund			22,450
Powell Bill			400,000
<b>Total Expenditures</b>			<b>7,291,750</b>

The City of Boiling Spring Lakes has many attributes including its engaged residents, dedicated elected officials and staff. These attributes create a thriving and growing community that needs to be maintained and nurtured. The FY27 Budget provides the investment framework required to embrace opportunities, address challenges, and create a shared vision for the future.

Mayor and Commissioners, I present for your review and consideration the Recommended Budget for Fiscal Year 2027, totaling \$ 7,291,750.00 dollars. This year's proposed budget reflects the City's continued commitment to strengthening core infrastructure, supporting and advancing public safety, and supporting the employees who deliver essential services to our community every day, while keeping the tax rate steady with no increase. Additionally, no money was needed from fund balance to balance the FY27 budget.

Key priorities in this budget targeted investment in stormwater and infrastructure equipment advancing the City's effort to repair roads and manage stormwater. These investments will improve our ability to proactively maintain drainage systems, respond more efficiently to severe weather events, reduce long term-term repair costs, and protect public and private property from flooding and infrastructure failure. Upgrading and modernizing equipment ensures our teams have the tools necessary to maintain safe roads, reliable drainage, and resilient public assets.

Another key investment included in this budget includes the replacement of several aging police vehicles. We are proposing the lease of four new police vehicles to ensure our officers have safe, reliable, and properly equipped transportation to carry out their duties. These additions will enhance response capabilities, reduce maintenance downtime, and improve overall operational efficiency. The

City will surplus three older police vehicles that have reached the end of their useful service life. These units have experienced increasing maintenance costs and reliability concerns. Surplusing these vehicles allow us to responsibly manage our fleet inventory while offsetting a portion of the replacement costs and reducing ongoing repair expenses. This approach reflects sound fiscal stewardship investing in dependable equipment for public safety while systematically phasing out aging assets to control long-term costs.

In addition, this budget includes a 3% cost-of-living adjustment (COLA) for staff. This adjustment helps address rising living costs, supports employee retention, and ensures we remain competitive in attracting and retaining a skilled workforce. City employees are critical to delivering high-quality services, and this investment reflects our appreciation for their dedication and performance.

Together, these investments in infrastructure, public safety, and personnel allow the City to maintain service levels, strengthen long-term financial stability and responsibly meet the needs of our growing community.

Thank you for the opportunity to present the FY27 budget. The proposed budget reflects our commitment to protecting the long-term health, safety, and stability of our community. By prioritizing infrastructure maintenance, stormwater management and public safety, we are making strategic investments that safeguard public assets, reduce future liabilities, and enhance resilience against severe weather and growth-related demands. These improvement are not just expenditures-they are responsible investments in the reliability and sustainability of our city.

Together, these priorities position us to meet today's challenges while preparing responsibly for tomorrow's needs. This budget balances fiscal discipline with forward-looking investment, strengthening the foundation of our community for years to come.

Respectfully,

Gordon Hargrove, City Manager
